

Chantilly Youth Association

Spring 2021

COVID-19 Reporting Responsibilities

REPORTING REQUIREMENTS

For Parents:

- CYA is requiring that players who test positive for COVID-19 or who have been directly exposed to someone who has tested positive self report by sending an email to covidalert@chantillyyouth.org
 - Please be sure to include you child's first and last name, DOB, grade, sport and team

For Coaches:

- You **MUST PAUSE ALL ACTIVITY** for your team if...
 - You become aware of a positive COVID-19 case within your team
 - If a player on the team tests positive and has had direct contact with the team
 - Report the fact that you have a positive case on your team to covidalert@chantillyyouth.org so that we may take proper action for games and practices. Please make sure to include your sport, program, team and player
 - The Fairfax County Health Department will perform contact tracing and will provide quarantining guidance - which is typically 14 days after the last day of exposure
- If a player has been exposed outside of practice, he/she needs to be quarantined for the specified amount of time stated by the Fairfax County Health Department - **the team may continue with practice and game activities**

CYA is required by the Fairfax County Health Department to report positive cases of COVID-19 - this includes individual cases and outbreaks
